

Ending Hunger, One Meal at a Time

OSL, a nonprofit, is in our 35th year serving nutritionally dense, culturally appropriate, and medically sensitive meals to people experiencing homelessness and hunger in the community. Considered a "first responder" for the emergency food system in the Greater Seattle area, OSL serves more than 6800 meals daily, providing breakfast, lunch and dinner to 66 shelters, tiny house villages, and other programs needing meals.

OSL also supports the greater emergency meal and human services system through our Food In Motion program by providing transportation and product, and by delivering much needed meal and sanitation resources, to other Seattle and King County-based agencies. Every organization in the emergency meal system works daily to keep the food on the table and is essential to the health of so many in the local community.

Why you should become a partner?

For your employees: Corporations that give back to their community have a higher rate of retention and better recruitment numbers than those that do not.

For your image: Give your Corporate Brand positive exposure through community giving and charitable gratitude.

For your community: Your community will benefit from a financially healthy organization to support those in need. Insecure community members will receive the benefit of healthful meals prepared in a safe manner and served with a dignified environment.

For your taxes: Corporations can limit taxation on profits by giving generously.

Corporate Volunteer Opportunities

OSL offers your company or organization the opportunity to engage your employees in volunteer opportunities, strengthening their commitment to the community and demonstrating your organization's vision as a company that cares.

Our Mission

"To provide dignity, care and compassion through action, with the example that each person can make a difference. To educate and advocate acceptance and understanding of each other's differences.

To ultimately bring about the realization that we are all a vital part of this world and with extended effort put an end to homelessness, hunger and hatred."

**Nutritional excellence is a
right we are born to.
Not a privilege we earn.**

\$30,000

annual investment
